From Hotels to IDC – participants can ask for a taxi with the assistance of hotel receptionists.

It takes about 12 minutes to get to campus. It costs roughly \$12 or 40 Israeli Shekels one way. People can also share a cab, anytime.

From IDC back to hotels – we will have an information desk at the conference lobby that can assist in reserving a taxi.

At the information desk, participants will also be able to receive public transportation information.

Public transportation (buses) is available as well. It costs less, however may take more time than a taxi and is not as convenient.

From Tel Aviv Hotels to IDC - the shuttle departs from Dan Hotel (located in the center of Tel Aviv), but guests should inquire at their hotel about taxi service. It costs 100-120 shekels one way. Participants can share a taxi and split the cost.
