

**Assistant Professor, Department of Political Science, Stony Brook University, New York, USA**

The Department of Political Science at Stony Brook University invites applications for a tenure-track Assistant Professor in Computational Political Science. This position would begin in Fall 2025. The department is interested in applicants with expertise in applying big data methods, computational methods, or advanced statistical methods to problems in political science. Successful candidates will have a strong record of demonstrated research excellence. Additional duties include fostering inclusive teaching at the graduate and undergraduate levels, conducting a program of research, and participating in faculty governance at the departmental, college, and university levels.

Stony Brook University, one of two flagships within the State University of New York (SUNY) system, is one of America's most dynamic public universities, a center of academic excellence, and an internationally recognized research institution. Stony Brook has nearly 27,000 students — including almost 18,000 undergraduates — and offers more than 200 majors, minors and combined-degree programs. Located approximately 60 miles east of Manhattan on Long Island's beautiful North Shore, Stony Brook is situated on 1,454 wooded acres, encompassing 13 schools and colleges.

Application deadline: September 16, 2024. [To Apply or for more information.](#)
